
Entrex Launches Florida Private Company Market

Boca Raton, Fl. March 4, 2020: Entrex announced today the launch of a capital market for Florida private companies to support capital formation and economic and employment growth across the state.

“The U.S. Small Business Administration suggests that 90% of private capital is raised within 75 miles of the company” said Stephen H. Watkins, CEO of Entrex “yet the local markets of yesteryear are gone”. “It makes no sense to have two national markets that only provide capital a capital market for 3500 companies when there are nearly 29,000,000 companies in the United States.”

“Let’s help local investors find, research, track, manage and trade these companies across a regulatory compliant platform while offering exposure, credibility and liquidity to the companies that employ Floridians” Watkins continued.

“We’re excited to launch the Fort Lauderdale Marriott Hotel capital needs on the Entrex Florida Market” said Thomas Harblin, CEO of Equity Match Inc. “The long-term outlook for Fort Lauderdale and our investors is a unique opportunity and we’d love to have local investors... invest locally.” Harblin continues.

“Even better news is Entrex’s brokers have already brought forth investors for the Marriott transaction. Its exciting to see that so many Florida investors want to invest in Florida” said Paul Landrew CEO of UNSS the public parent which owns 51% of the Entrex Florida Market.

About Entrex:

Entrex (OTC: UNSS) was founded in 2001 as a “capital market system for entrepreneurial companies”. Today Entrex creates regulatory compliant niche capital market systems which support regulated market constituents to originate, structure, place, trade, settle and service securities of entrepreneurial companies. Working together with industry sector leaders and regulated market constituents the Entrex platforms allows investors to find, research, track, manage, and trade entrepreneurial securities whether geographic (www.EntrexFloridaMarket.com), sector or commodity (www.EntrexCarbonMarket.com) focused. <http://Entrex.Market>

Forward Looking Statements:

This press release includes statements of the Company’s expectations, intentions, plans and beliefs that constitute “forward looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934 and are intended to come within the safe harbor protection provided by those sections. These statements, which involve risks and uncertainties, relate to the discussion of the Company’s business strategies and its expectations concerning future operations, margins, sales, new products and brands, potential joint ventures, potential acquisitions, expenses, profitability, liquidity and capital resources and to analyses and other information that are based on forecasts of future results and estimates of amounts not yet determinable. These also include statements relating to the anticipated benefits of the announced transaction between the Company and Entrex. These statements include any statement that does not directly relate to a historical or current fact. You can also identify these and other forward-looking statements by the use of such words as “may,” “will,” “should,” “expects,” “intends,” “plans,” “anticipates,” “believes,” “thinks,” “estimates,” “seeks,” “predicts,” “could,” “projects,” “potential” and other similar terms and phrases, including references to assumptions. These forward

looking statements are made based on expectations and beliefs concerning future events affecting the Company and are subject to uncertainties, risks and factors relating to its operations and business environments, all of which are difficult to predict and many of which are beyond its control, that could cause its actual results to differ materially from those matters expressed or implied by these forward looking statements. These risks include the Joint Venture's ability to successfully pursue its business plan, the possibility that the Company's equity interest in the Joint Venture may be diluted as a result of capital raises by the Joint Venture, the possibility that Entrex may have the right to repurchase the previously contributed assets for nominal consideration, the Company's ability to develop and commercialize new technologies, the Company's history of losses and expectation of further losses, its ability to expand its operations into blockchain technologies, its ability to develop or acquire new brands, the success of its marketing activities, the effect of competition in its industry and economic and political conditions generally, including the current economic environment and markets. More information about these and other factors are described in the reports the Company files with the Securities and Exchange Commission, including but not limited to the discussions contained under the caption "Risk Factors." When considering these forward looking statements, you should keep in mind the cautionary statements in this press release and the reports the Company files with the Securities and Exchange Commission. New risks and uncertainties arise from time to time, and the Company cannot predict those events or how they may affect it. The Company assumes no obligation to update any forward looking statements after the date of this press release as a result of new information, future events or developments, except as required by the federal securities laws.
